

# AERR 2019/20 SUMMARY

## GOLDEN HILLS SCHOOL DIVISION - K TO 12 EDUCATION

### OUR DIVISION

Golden Hills School Division covers a vast geographical area:

- Approximately 8000 students in person and online
- 12 communities
- 15 regular schools
- 2 Christian schools
- 2 virtual schools
- 2 outreach schools
- 19 Hutterite Colony schools
- Large international student program
- Siksika students at many GHSD schools
- Over 900 staff, including 400 teachers
- Enrolment growth

### OUR PRIORITIES

Golden Hills School Division Board of Trustees values all the partners in the important work of providing every student with the opportunity to experience success in learning.

We are highly focused on helping our students become the thinkers, doers, innovators, creators and communicators that our world needs.

Golden Hills continues to prioritize student success by creating Power Learning opportunities in our classrooms, learn more about Powerful Learning here: <https://www.ghsd75.ca/documents/general/PL%20Document%20-%20Sept.%202019.pdf>

Hear how Powerful Learning impacts students in the learning here: <https://powerfullearning.com/>

Powerful Learning will continue to be the vehicle that drives improvement for classroom instruction and student achievement.

### OUR STUDENTS

Our feedback from stakeholders has been excellent regarding creating safe and caring schools and student learning opportunities; preparing students for lifelong learning, the world of work, and citizenship; as well as demonstrating continuous improvement throughout our schools.

One of our priorities has been success for our First Nations, Metis and Inuit students. This past year we celebrate with our First Nations students and families as our graduation rates for these students were now on par with the grad rates for our non-First Nations students.

### WE ARE LISTENING AND RESPONDING

Golden Hills School Division continues to work collaboratively to engage students and improve achievement.

We are also working on more specific engagement opportunities for each of our schools to encourage staff, student and parent feedback. We want to ensure that each of our schools is the preferred choice in the community.

The pandemic has made this past year extra challenging. Learning at home in the spring was a new experience for staff and students. We very much appreciate the feedback from students and parents on their experiences and that feedback has helped us make significant improvements for our learning at home students this year.

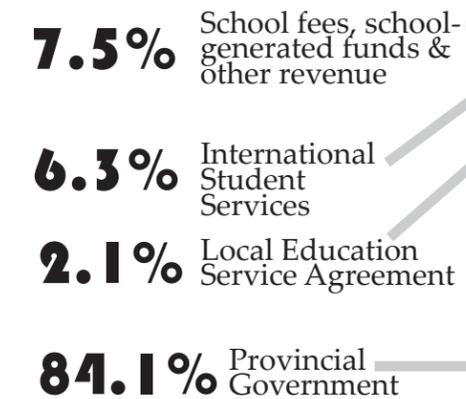

### FINANCE & FACILITIES

The Government of Alberta's economic stimulus funding package GHSD received \$2.476 M. These funds were an acceleration of the long term maintenance and renewal strategy for school buildings. This stimulus package went towards keeping our infrastructure up to date and safe.
