### Maximizing individual learning and possibilities.

Trochu Valley School is a small community school committed to endless possibilities where learning is accessible, relevant and personal.

### We Believe:

- Every student can learn.
- Our purpose is to promote student learning, growth and understanding.
- Everyone will be treated with dignity and respect in a safe, caring and inclusive environment.
- Positive relationships build healthy, resilient students and staff.
- All staff must be skilled, committed and dedicated to their own continuous learning.

# Message from the Principal

Trochu Valley School is located in a quiet rural setting. The school is home to approximately 250 students and 25 staff members. As we are a Kindergarten to Grade 12 school, our staff and administration get to know our students very well during their years here. There is a strong sense of family within our school. We have the advantage of being a rural school, rich in tradition, but with modernized facilities and a wide offering of programs. In addition to academic excellence, we excel in Drama, Music, Art, and Athletics. The school has a strong sense of parent and community input and these partnerships provide invaluable assistance for many of our programs. It is the people in our school and in our community that make TroVal a special place in which to learn and grow.

Mrs. Jody Lammle
