

TRANSPORTATION MONITORING REPORT
Presented to the Board of Trustees by Bevan Daverne, Superintendent of Schools Resource Persons:
Tahra Sabir, Secretary Treasurer
Kelly-Anne McCarry, Transportation Supervisor
Monica Giberson, Transportation Clerk
March 2023

REPORTING PERIOD: September 1, 2021 - August 31, 2022, and September 1, 2023, to current

## OVERVIEW:

Alberta Education provides funding to school boards to operate or contract transportation systems for Kindergarten to Grade 12 students.

## SUMMARY \& IMPLICATIONS:

- Safety is paramount and Golden Hills has made this a priority with success.
- Future Initiatives - Continue to increase efficiency with increased flexibility to support Golden Hills' program initiatives while keeping costs within funding limits.
- Some recent initiatives are:
- Additional Routes to help reduce Ride Times.
- Choice Ridership continues to increase.
- Continued Implementation of cameras on bus.
- Division wide implementation of school bus passes (move from manual to digital attendance).
- New recruiting strategies.

## Safety - \#1 Priority

Golden Hills transports over 2,900 students, 177 days a year over an area of 8,400 square kilometers for a total of $2,400,000 \mathrm{~km}$ a year. Safety of transporting students is the number one priority and continues to be successful.

Golden Hills monitors bus routes in a variety of ways which include driver and parent consultation. Golden Hills works with the busing industry to develop a standardized route risk assessment checklist to ensure that all areas of the province are consistently applying best practices concerning the safety of routes and any modifications required due to adverse conditions such as weather and geographical challenges. This government program formalizes the procedures and standardizes the assessments for all routes in Alberta.

## Safe Driving Program

For the past few years Golden Hills has met the criteria for an Alberta Transportation approved driving school. A formalized training and evaluation program is in place for all our professional school bus operators. The purpose of this program is to ensure the safety of passengers on Golden Hills buses and that Golden Hills operators are equipped with the skills they need to safely operate a school bus and manage the passengers. We want to elevate the perception of school bus operators with parents and the community. School bus operators are professionals who participate in ongoing training to safely
transport extremely precious cargo. Please refer to Appendix A for detailed information on Bus driver training.

| Driver Training Hours | GHSD Existing | MELT 2-S <br> (Effective Sept 2022) |
| :--- | :---: | :---: |
| Classroom Training | 20 | 19.5 hours |
| In Yard Training | 5 | 9.5 hours |
| On Road Training | 20 (25 if necessary) | 24.5 hours |
| S Endorsement (Classroom) | 17 hours | N/A |
| Total | $\mathbf{6 2}$ hours | $\mathbf{5 3 . 5}$ hours |

*prior to MELT 2-S the "S Endorsement" part was more flexible, and the bus driver had a year to complete. Now it must be completed prior to driving a school bus.

## School Bus Operator Evaluations

Golden Hills performs three types of operator evaluations in addition to dexterity testing:

| Scheduled Evaluation | Evaluations are scheduled for the following reasons: <br> - Probationary <br> - Operators must complete a satisfactory on-road evaluation within three months of employment <br> - Scheduled <br> - Operators aged under 47: Every 5 years <br> - Operators aged 47-67: Every 2 years <br> - Operators aged over 67: Annually <br> - Remedial, for example <br> - Preventable Collision <br> - Parent Complaint <br> - Unsatisfactory Observation |
| :---: | :---: |
| On-Road Observation | Continuous monitoring involves creating a positive culture for drivers as yellow buses are monitored. |

The Transportation department has conducted 15 evaluations during the 2021/2022 school year and has a five year cycle period to evaluate all our drivers.

Bus drivers were introduced to the world of E-Learning as our S Endorsement training and S Endorsement Refresher training took place online using a combination of Google Classroom and Zoom. On road evaluations were conducted using appropriate social distancing and masking.

An evaluation consists of the School Bus Supervisor/Evaluator riding along on the route and assessing communication with passengers and passenger management as well as the operators' driving skills and abilities.

## Bus Driver Shortage Challenges

- Currently we are experiencing province wide bus driver shortages and recruiting new drivers has continued to be a challenge.
- We have developed some strategies to manage this as follows:
- Offered free training to those interested in obtaining their bus driver's license.
- Encourage current drivers who meet criteria to start process of becoming a bus driver trainer.
- Streamlined processes to make bus driver's work more manageable.
- Provide continuous support and training.
- We are using several strategies to advertise for potential drivers:
- Word of mouth (drivers referring family members, friends, or parents of students)
- Submitting advertisements to local employment services
- Advertising online through local employment services
- Posting on Facebook through local employment services and school Facebook pages

So far this year we have trained seven (7) bus drivers (including Melt S) and we have approximately seven (7) more to train this year.

We also continued with our regular S Endorsement training throughout the year.

Last year we trained a total of seven (7) drivers. This training is a total of approximately 60 hours for both classroom and on the road training. Additional training time (road and yard work) is provided should a trainee require it.

Once students complete their course, GHSD submits their completed certificate for review and verification by Alberta Transportation. In our experience, the driver training department has been able to complete this process within 24 hours. Once the course completion has been posted, the students will book their on-road evaluation online and it is usually within a week. We have not experienced any issues booking driver evaluators for our trainees. This process is streamlined and trouble free, we have a contact person with registry.

## Route Risk Assessments

Route Risk Assessments are conducted at Golden Hills. These assessments are filled out by every driver in the division and then returned to the Transportation Department. Approximately 52\% of the forms returned had no issues. The other $\mathbf{4 8 \%}$ were returned with concerns such as weather conditions, sight distances, traffic volumes, and the need for parent/pedestrian education in bus loops. As drivers are learning more about the risk assessment process, they are better able to assess and prepare for potential risks. Please see Appendix B for suggested possible solutions for risks reported by bus drivers.

The bus driver route assessment is an excellent process for all drivers to reassess their route each year. One of the many benefits of this process also facilitates collaboration with the Counties. An example of this would be the request for signage (School Bus Stop Ahead Signs).

## Bus Route Inclement Weather - Administrative Procedure (AP) 131

Last year we went through an extensive consultation process which included in person meetings with bus drivers, mechanics, and senior administration. A recommendation was made about temperature. We also discussed Golden Hills emergency rescue plan with drivers. To support this, we have provided cold weather emergency kits and we are currently piloting engine warmers and cabin heaters.

The following change was approved in January 2022.

- If road conditions and visibility are not of concern, bus routes will continue regular operation unless ambient temperatures drop below -35C. Below these temperatures, bus drivers of rural routes may make a decision not to operate based on temperatures and other factors along their route.

This change continues to allow bus operators to use their professional judgement on the safe operation of the bus route.

The AP contains three levels of school closures:

| Levels | Description |
| :---: | :--- |
| Green Closure | Due to weather and travel conditions, some buses are not running. <br> School is open and regular classes will be offered. |
| Yellow Closure | Due to severe weather and travel conditions, no buses are running. <br> School is open but regular classes are not being offered. We <br> encourage parents and students to stay home and avoid the risks of <br> travel. |
| Red Closure | Due to the severe weather and travel conditions the school is closed. <br> Do not send students to school. Due to the severe weather, we are <br> unable to ensure the school doors will be unlocked, or any staff will <br> be in the building. |

- Bus drivers play a primary role in the decision-making process as they are the first to evaluate weather conditions and decide if it is safe to transport students. Bus drivers are to inform administrators, transportation manager and parents/students of any service interruptions/cancellations.
- Administrators will call the Superintendent for approval to declare either a yellow or red closure level.
- Parents, students, and staff are informed as early as 6:30 am. Cancellations are posted to school websites, Facebook pages, and other social media. Messages are also sent by text and phone.
- Golden Hills continues the practice of running an afternoon bus (when the weather conditions have improved significantly, and it is safe to do so) if the morning bus was cancelled due to weather conditions.

| AM Bus Cancellations |  | Bus Ran in PM |  |
| ---: | ---: | ---: | ---: |
| 2021/2022 | $2020 / 2021$ | 2021/2022 | $2020 / 2021$ |
| 305 | 313 | ${ }^{* 72(24 \%)}$ | $84(27 \%)$ |

* For example, $24 \%$ of the 305 buses that did not run in the AM did run in the PM.

Between January $9^{\text {th }}$ and February 15, 2023, we have 39 bus cancelations which is in line with 2021/2022.

## No Child Left Behind

"No Child Left Behind" is a system that forces the driver to go to the back of the bus before it can be shut off. This prevents students from being left on a bus after a run. Currently all of our route buses have this system. We have two buses that do not have this system in place and are primarily used as spare buses and for field trips.

A two part "post-trip" inspection has been introduced which drivers perform shortly after drop-off at their last stop and then again when the bus is parked at the park-out to ensure that no students or belongings are left on the bus.

## Budget / Financial Implications

The Chart below shows the Projected Revenue and Expenses for the Transportation Department for 2022/2023 and provides the 2021/2022 Audited Financial Statements.

|  | Budget | \% Of | AFS | \% Of |
| :---: | :---: | :---: | :---: | :---: |
| Description | $2022 / 2023$ | Budget | 2021-2022 | Budget |

| Revenue |  |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
| Grants | $4,705,315$ | $96 \%$ | $4,397,028$ | $97 \%$ |
| Fees/Other Sales \& Services | 190,000 | $4 \%$ | 147,327 | $3 \%$ |
| Total Revenue | $4,895,315$ |  | $4,544,355$ |  |

| Expenses |  |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
| Salaries \& Benefits | $1,974,635$ | $40 \%$ | $1,928,993$ | $42 \%$ |
| Supplies \& Services | $2,220,680$ | $45 \%$ | $1,990,786$ | $43 \%$ |
| Amortization | 700,000 | $14 \%$ | 685,345 | $15 \%$ |
| Total Expenses | $4,895,315$ |  | $4,605,124$ |  |

Net Surplus
$(60,769)$

## Points of Interest

- Alberta Education increased the transportation grant by $5 \%$ as the funding model is currently under review.
- Volatile fuel costs.
- Sparsely populated Rural areas impact efficiency.

## Fuel Costs

|  | 2022 | 2021 | 2020 |
| :--- | :---: | :--- | :--- |
| Average Fuel (\$/I) | $\$ 1.27$ | $\$ 1.11$ | $\$ 0.97$ |

Average Fuel Cost for this year is $\$ 1.43$ (February 15, 2023)

## Fee Structure

Golden Hills eliminated all transportation fees as of the 2012/13 school year. We believe this has positively impacted our enrolment.

## Fleet

Pursuant Administrative Procedure 555, Bus Replacement, it is desirable to replace buses on a timely basis for the safety and efficiency of the operation. Urban buses are replaced within 14 years and rural buses are replaced within 12 years. Golden Hills continues to ensure buses are replaced within the appropriate time periods while taking budget constraints into consideration.

Currently Golden Hills operates 71 routes with 81 runs.
Spare buses (18\%) are needed for the fleet to operate efficiently while maintaining the current levels of service. Some of the challenges are:

1. Allowing for optimal amount of wheelchair buses;
2. Having buses available for field trips that overlap regular routes; and
3. Golden Hills is a large geographical area. Spare buses are available locally to allow quick access as needed.
4. Warranty on buses expires after 6 years. Currently $74 \%$ of our buses are no longer under warranty.

|  | 2021/2022 |  | 2020/2021 |  |
| :--- | ---: | ---: | ---: | ---: |
| Age of Bus <br>  | \% of Fleet | \# of Buses | \% of Fleet |  |
| $0-2$ years | 4 | $5 \%$ | 4 | $4 \%$ |
| $3-5$ years | 20 | $21 \%$ | 20 | $21 \%$ |
| $6-10$ years | 59 | $63 \%$ | 59 | $63 \%$ |
| $11-17$ years | 9 | $10 \%$ | 10 | $11 \%$ |
| $18+$ years | 1 | $1 \%$ | 1 | $1 \%$ |
| Total | $\mathbf{9 3}$ | $\mathbf{1 0 0 \%}$ | $\mathbf{9 4}$ | $\mathbf{1 0 0 \%}$ |

## Field Trips

Golden Hills Transportation supports all schools in the division with busing for students on field trips and extra-curricular events. The following table shows how many field trips occurred.

|  | 2021/2022 | 2019/2020 |
| :--- | ---: | ---: |
| In Town Field Trips | 172 (17\%) | $33(22 \%)$ |
| Out of Town Field Trips | 309 (31\%) | 57 (38\%) |
| Non GHSD Field Trips * | 45 (5\%) | 15 (10\%) |
| International | $89(9 \%)$ | $45(30 \%)$ |
| Alumni | 386 (38\%) | $*$ |
| Total Field Trips | $\mathbf{1 , 0 0 1}$ | $\mathbf{1 5 0}$ |

[^0]- We supply both operators and buses for school field trips.

We adjusted the per kilometre rate in the fall of 2019 to $\$ 1.25$. As we are currently running a deficit in transportation this will help cover more of the expenses associated with buses supporting field trips. Outside Agencies were charged $\$ 1.50 / \mathrm{km}$ and $\$ 30 / \mathrm{hr}$ ( $\$ 25$ plus CPP and EI). Approximately $\$ 7,420$ last year was attributed to external contracted work.

## Bus Size

A common public misconception is cost savings associated with bus size. Contract routes are paid by the weighted load which means Golden Hills pays the contractor for number of students versus the size of bus. Contractors and Divisions often choose to purchase a bigger bus to maximize their flexibility (change buses from one area to another) and efficiency (schools can hire one bus for a field trip vs. two) and effectiveness (in an emergency evacuation for either a community or school).
The major cost associated with bus routes is the labour. Differential fuel, tire, and insurance costs for a small or larger bus is minimal. The benefit of a larger bus is the flexibility, efficiency, and effectiveness.

## Board and Contracted Route Information

## Costs

- Cost per kilometer is less for Board than Contracted routes ( $15 \%$ plus) over the years.

## Number of Routes and History of Routes

| Year | Total Routes | Total Runs | Board Operated | \% Board Operated | Contracted | \% <br> Contracted |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 2021/2022 | 71 | 81 | 71 | 100\% | 0 | 0\% |
| 2020/2021 | 72 | 84 | 71 | 99\% | 1 | 1\% |
| 2019/2020 | 72 |  | 72 | 100\% | 0 | 0\% |
| 2018/2019 | 75 |  | 72 | 96\% | 3 | 4\% |
| 2017/2018 | 73 |  | 70 | 96\% | 3 | 4\% |

- Table above shows how Board owned routes have increased to reduce costs and allow for flexibility. The ability to be flexible has played a crucial role in addressing driver shortages, as it allows us to swiftly adapt our routes and promptly inform parents.
- For 2022/2023 we have added an additional three (3) routes for a total of 74 routes

## Staffing

Table below shows the staffing levels (total full time equivalent) in the transportation department.

|  | 2021/2022 | 2020/2021 |
| :--- | ---: | ---: |
| Administration | 2.0 | 2.0 |
| Trades | 2.8 | 2.8 |
| Bus Drivers | 71.0 | 72.0 |
| Apprentice/Shop Helper | 2.0 | 2.0 |
| Total | $\mathbf{7 7 . 8}$ | $\mathbf{7 8 . 8}$ |

Golden Hills has maintenance shops located in Strathmore and Trochu.

As of February 15, 2023 we have added three (3) drivers for a total of 74 drivers and 81 employees

The purpose of the transportation shops is to provide mechanical services to the board owned buses. Regular maintenance continues to be a priority to ensure safety. As per the Commercial Vehicle Program requirements, inspections are performed at a minimum of twice a year. Oil changes are performed every $5,000 \mathrm{~km}$ or $10,000 \mathrm{~km}$ depending on the type of engine.

## Ridership Information

Currently (2022/2023) Golden Hills is transporting 2,955 students which represents 54\% of our regular funded student enrolment. Alberta has approximately 600,000 students and about 50\% of those students ride the bus on a daily basis.

| Year | Students that <br> ride the bus | \% of Total |
| :---: | ---: | ---: |
| $\mathbf{2 0 2 2 / 2 0 2 3}$ | $\mathbf{2 , 9 5 5}$ | $\mathbf{5 4 \%}$ |
| $2021 / 2022$ | 2,882 | $45 \%$ |
| $2020 / 2021$ | 2,279 | $37 \%$ |

## Urban and Rural

The table below shows the distribution percentage of urban and rural funded students transported by bus for two years. (These numbers do not include Siksika and International students)

| Year | Totals | Urban | Rural |
| :---: | :---: | :---: | :---: |
| $\mathbf{2 0 2 2 / 2 0 2 3}$ | $\mathbf{2 , 9 5 5}$ | $\mathbf{8 4 8}(\mathbf{2 9 \%})$ | $\mathbf{2 , 1 0 7}(\mathbf{7 1 \%})$ |
| $2021 / 2022$ | 2,882 | $882(31 \%)$ | $2,000(69 \%)$ |
| $2020 / 2021$ | 2,279 | $753(33 \%)$ | $1,526(67 \%)$ |

## Courtesy and Choice

Courtesy Rider - someone who lives less than 2.4 km from their designated school and is meeting an existing route.

The Table below shows the percentage of courtesy riders who are urban and rural.

| Courtesy Ridership | $2021 / 2022$ | Percentage |
| :---: | :---: | :---: |
| Urban | $238 / 848$ | $28 \%$ |
| Rural | $281 / 2,107$ | $13 \%$ |
| International | $131 / 246$ | $53 \%$ |

Please note that included in Courtesy Ridership may be choice ridership as they do not meet the 2.4 km criteria to their designated school, however we would not receive any funding to transport to their school of choice even if it was greater than 2.4 km .

Choice Ridership - someone who is meeting an existing route and is attending a school other than their designated school.

The Table below shows the percentage of choice riders who are urban and rural.

| Choice Ridership | 2022/2023 | Percentage |
| :---: | :---: | :---: |
| Urban | $391 / 848$ | $46 \%$ |
| Rural | $314 / 2,107$ | $15 \%$ |

In summary, there is additional demand to transport students who wish to attend their school of choice.

## Special Needs Students

Currently Golden Hills provides transportation for 127 special needs students who are designated to programs unavailable in their attendance area. The following table breaks down the type of transportation provided. Golden Hills incurs the costs and receives the funding.

|  | Number of Students |  |  |
| :---: | ---: | ---: | ---: |
| Type of |  |  |  |
| Transportation | $\mathbf{2 0 2 2 - 2 0 2 3}$ | $2021 / 2022$ | $2020 / 2021$ |
| Regular School Bus | 127 | 63 | 93 |
| Taxi or Handicap Bus | 6 | 14 | 21 |
| Parent Provided | 18 | 16 | 11 |
| Totals | 151 | 93 | $\mathbf{1 2 5}$ |

## Riders in Other Districts

Golden Hills School Division has entered into agreements with other school jurisdictions. This allows students to attend a school of another school authority and to allow students who in other school jurisdictions to be enrolled in Golden Hills Schools.

|  | \# of Students Attending <br> GHSD from other Districts |  | \# of GHSD Students going to <br> other Districts that we have <br> information on* |  |
| :--- | ---: | ---: | ---: | ---: |
| School Division | $\mathbf{2 0 2 2 / 2 0 2 3}$ | $2021 / 2022$ | $\mathbf{2 0 2 2 / 2 0 2 3}$ | $2021 / 2022$ |
| Grassland Public School Division | 0 | 0 | 18 | 18 |
| Palliser School Division | 6 | 8 | 0 | 0 |
| Prairie Land Public School Division | 12 | 22 | 8 | 9 |
| Chinook's Edge School Division | 25 | 17 | 5 | 5 |
|  | Totals | $\mathbf{4 3}$ | 47 | $\mathbf{2 6}$ |

*Only have student information from other divisions if there is an agreement. There may be other students leaving the division that we do not have any information on.

## Affect

Transportation Agreements allows Golden Hills to claim grant money for the students. Transportation grants may not cover all of the expenses; however, the offset is the claim of the education grants and stability for the students attending their school of choice. At the end of the day parents and students are choosing Golden Hills.

## Rural Ride Times

Ride Times are monitored, and we try to keep the routes to a minimum taking into consideration geography. In town, ride times are an average of 20 minutes or less.

Three (3) new rural routes were added in 2022/2023 (Strathmore, Three Hills \& Wheatland Crossing) and monitoring will continue to reduce student ride time.

| One Way Minutes | 2022/2023 |
| :--- | ---: |
| $75+$ Minutes | $2 \%$ |
| $61-75$ Minutes | $5 \%$ |
| $46-60$ Minutes | $13 \%$ |
| $0-45$ Minutes | $80 \%$ |

## Communication and Culture

Communication and "customer service" are two priority areas within the Transportation Department. An area of concern is department communication with parents and students, school administration and staff, and division office staff.

With the goal of creating a cohesive and collaborative relationship between all stakeholders, our staff is developing strategies to enhance the customer service experience with our department. Training is ongoing with our department staff (accessing PD opportunities face to face and online) as well as with our bus drivers.

| Transportation Department Initiatives |  |  |  |  |
| :---: | :--- | :--- | :---: | :---: |
| Date | Issue/Project | Action/Resolution | Date Complete |  |
| Sept 2022 | School Bus <br> Attendance Software | New student attendance software is being <br> implemented throughout the division. <br> Accurate, real-time attendance reporting is <br> now available to schools and parents. Bus <br> drivers are better able to manage student <br> loading and unloading while remaining <br> aware of traffic patterns and <br> parents/students in school bus loops. | Ongoing |  |
| Sept 2022 | Bus Status App | Parents may now see bus status (on time, <br> delayed or cancelled) using app that <br> provides notifications when changes are <br> posted to the GHSD web site. | Ongoing |  |
| Dec 2021 | Headlight <br> Replacement | Installation of higher lumen bulbs on each <br> bus to improve driver experience | Ongoing |  |

| Transportation Department Initiatives |  |  |  |
| :--- | :--- | :--- | :--- |
| Date | Issue/Project | Action/Resolution | Date Complete |
| May/June <br> 2021 | Demographic <br> Confirmation | All parents of student currently riding buses <br> contacted to confirm/change passenger <br> information for 2021/2022 | Ongoing/Annual |

## Stakeholder Issues

| Issue | Summary | Resolution |
| :--- | :--- | :--- |
| Bus Run Times over an <br> hour | Concerns with students (especially <br> K - 1) being on the bus for long <br> periods. | Review routes and whenever possible <br> (when not affected by geography of <br> area) make changes. |
| Driver Queries | Concerns with drivers | Ongoing professional development <br> regarding student management, <br> explaining behavior expectations and <br> creating a positive climate on the <br> bus. <br> Performed evaluations, provided <br> more training, created development <br> plans for operators. |
| Bus Operator <br> Communication | Bus operators' communication <br> with parents. | Drivers now use group text messages <br> and Remind to contact parents. |
| Child Care Transportation | Transportation from the <br> caregiver's place of residence is <br> supplied for parents when there is <br> capacity on the bus. | Adjust bus routes to provide <br> transportation for these students. |
| Red Light Violations | Parents concerned with increasing <br> number of drivers passing busses <br> when red lights are flashing. | Work with Bylaw, Sheriff, County <br> Peace Officers and RCMP to alert <br> them of areas where violations are <br> occurring. |

## Summary

- Always striving to improve the overall level of information and customer service
- Courtesy and choice are not funded to school of attendance, and we do not charge a fee to parents.

## Proposed Areas for Advocacy

The funding model is currently under review and transportation funding has been status quo with a $5 \%$ increase.

1. Choice - funding to follow choice principle within reason.
2. Equitable Funding Model - funding for rural areas.
3. Flexibility in funding envelope.

## Appendix A

## New Operator Training

| Dexterity Testing | $\checkmark$ A series of physical tests to ensure that the driver is physically able to: <br> - Execute a full pre-trip inspection <br> - Flexibility to move in the seat to minimize blind spots <br> - Maneuver the bus safely <br> - Evacuate the bus in an emergency situation. |
| :---: | :---: |
| Classroom Training <br> MELT 2-S | MELT 2 - S training is now mandatory in Alberta. Required topics for classroom instruction are: <br> $\checkmark$ Employment in the Busing Industry <br> $\checkmark$ Vehicle Component \& Inspection Activities <br> $\checkmark$ Basic Driving Techniques <br> $\checkmark$ Professional Driving Habits <br> $\checkmark$ Off-Road Tasks \& Maneuvers <br> $\checkmark$ Documents, Paperwork \& Regulatory Requirements <br> $\checkmark$ Hours of Service Compliance <br> $\checkmark$ Passenger Management, Loading \& Unloading Passengers <br> $\checkmark$ Handling Emergencies <br> $\checkmark$ 18.5 Hours Required Classroom Training (New Program) |
| In Yard Training <br> MELT 2-S | In-Yard training covers: <br> $\checkmark$ The Pre-trip Inspection <br> $\checkmark$ Yard Procedures <br> $\checkmark$ Backing Procedures <br> $\checkmark$ Parking Procedures <br> $\checkmark$ Health \& Safety <br> $\checkmark$ Workplace Hazardous Materials Information System (WHMIS) <br> $\checkmark$ School Bus Inspections and Maintenance <br> $\checkmark$ Bus Manoeuvres and Defensive Driving <br> $\checkmark$ Emergencies, Bus Evacuations, First Aid, Emergency Equipment and Mechanical Breakdowns <br> $\checkmark$ Passengers with Disabilities, Mobility Aids and Child Safety Seats <br> $\checkmark 11$ Hours Required In Yard Training (New Program) |
| On Road Training | This covers: <br> $\checkmark$ The Pre-trip Inspection <br> $\checkmark$ Yard Procedures <br> $\checkmark$ Commentary Driving <br> $\checkmark$ Backing Procedures <br> $\checkmark$ General Driving <br> $\checkmark$ Highway Driving <br> $\checkmark$ City Driving and Procedures <br> $\checkmark$ Town Driving and Procedures <br> $\checkmark$ Country Driving and Procedures <br> $\checkmark$ Student Pick-Ups and Drop-Offs |

|  | $\checkmark$ | Railroad Crossings |
| :--- | :--- | :--- |
|  | $\checkmark$ | "Turn Around" and various bus maneuvers |
|  | $\checkmark$ | Advanced Driving Techniques and the SMITH System (5 Keys): |
|  |  | 1. Aim High In Steering |
|  |  |  |
|  | 2. Get The Big Picture |  |
| 3. Keep Your Eyes Moving |  |  |
|  | 4. Leave Yourself An Out |  |
|  | $\checkmark$ | The Post Trip Inspection |
|  | $\checkmark$ | 24 Hours Required On Road Training |

## Appendix B

| Issue | Analysis | Recommendation |
| :---: | :---: | :---: |
| Weather | Snow drifts, sleet, fog, rain, etc. | - Encourage drivers to follow Inclement Weather procedure. <br> - Use the Smith Keys to identify and avoid potential problems. <br> - Attend the Winter Driving training session offered at staff/safety meeting. |
| Sight Distance | Visit location and review area | Possible options: <br> - May change from gate service to yard service or vice versa; or <br> - Installation of signs; or <br> - Route reconfigured to change direction of travel for the bus; or <br> - Re-locate stop to different location. <br> - Encourage homeowners to prune trees, shrubs, etc. to improve line of sight. <br> - Communicate with counties to have trees/bushes on public property pruned. <br> - Use SMITH System to improve skills (Big Picture etc.) |
| Traffic Volume | Picking up/dropping off on busy highway | - Warning lights on earlier and for longer periods of time. <br> - Instruct students on safety and danger zones. |
| Left-Handed Stops | Review safety implications of left-handed stops | Made changes for high traffic routes as follows: <br> - Obtain permission from parents to have bus pick up student in yard, if possible. <br> - Re-route bus route to change from lefthanded to right-handed. |

| School Bus Loops | Review safety practices in <br> bus loop | Work with school administration to: <br> • <br> • Increase parent safety awareness |
| :--- | :--- | :--- |
|  |  | Work with the Town of Strathmore and By- <br> Law Enforcement to make drivers aware of <br> parking zones |
|  |  | • Increase supervision in bus loop |
